**ENOLA LOW GRADE TRAIL – MARTIC FORGE VIADUCT BRIDGE – DEVELOPMENT  
IN CONESTOGA TOWNSHIP AND MARTIC TOWNSHIP, LANCASTER COUNTY**

### **PROJECT DESCRIPTION:**

---

This project is for the rehabilitation and re-decking of a 600-foot long steel viaduct that was damaged by fire in April 2018. Work includes re-decking of existing steel girder spans with precast reinforced concrete deck panels, construction of a steel superstructure with precast reinforced concrete deck panels, fabricated structural steel repairs, and approach trail construction.
